Executive Order Targeting Libraries

ALA American Library Association
#ForOurLibraries

Through an executive order it was announced that nearly all staff at the Institute of Museum and Library Services (IMLS) were placed on administrative leave. As a result, all processing of grants has been suspended. Which means libraries across the country will experience the impact of this loss of funds in the coming months.

We are asking all library patrons to reach out your Congressperson, Senators, and Legislators. Urging them to support libraries and the federal funding of the IMLS.
